EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Molly Sauter on March 8, 2006.

The application has been amended as follows:

In Claim-1, After Line-2, **INSERT** --providing an inhibited monomer composition—

In Claim-1, Line-3, **AFTER** 'deinhibiting' **DELETE** 'a' and

INSERT --said—

CANCEL Claims 23-25

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-22 are allowed as amended over the arguments by the applicants and the prior art of record that neither teaches nor fairly suggest a method of preparing the polymer-carbon nanotube composite by the specific method steps, particularly providing an inhibited monomer, deinhibiting the monomer and dissolving the resultant composite in a solvent. The inherent presence of these critical steps in the art methods could not be established with absolute certainty.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
